EMPLOYMENT HISTORY

Shipping and receiving, CENTRAL BERNARD INC.
Lachine

2013 — Mar 2016

I have hands-on experience in shipping and receiving operations, managing the movement of goods efficiently and accurately. My responsibilities have included processing incoming and outgoing shipments, verifying and labeling inventory, and updating tracking information in inventory management systems. I've also ensured that shipments are packaged according to safety and quality standards to prevent damage during transit.

Additionally, I am skilled in coordinating with carriers, preparing shipping documentation, and resolving discrepancies quickly to maintain smooth operations.

Web Designer, Automobility Inc.
Montreal

Jun 2016 — Oct 2024

- As a Web Designer at Automobility Inc., I am responsible for creating visually appealing and user-friendly websites. Utilizing my skills in HTML5, jQuery, CSS, Bootstrap, JavaScript, and Adobe Photoshop, I collaborate with workmates to understand the requirements and design websites that meet its needs. I have a strong understanding of responsive design principles, ensuring that websites look and perform well on various devices.

- Collaborated with workmates to understand the website requirements and design visually appealing websites.
- Utilized HTML5, CSS, Bootstrap, and tailwind to create user-friendly website interfaces.
- Implemented responsive design principles to ensure optimal website performance across devices.
- Ensured that the websites met industry standards and best practices for web design.
